

# Microsoft Training and Certification

As an authorized Microsoft Gold Learning Partner, we offer both newcomers and experts comprehensive training in Microsoft products and solutions:

- Cloud Platform and Infrastructure: Windows Server, Azure
- Modern Workplace: Office 365, Windows, Collaboration, Security
- Data management and analysis: SQL Server
- Development: C #, Mobile Apps, Visual Studio, .Net, Framework 4.5, HTML5, SQLite, CSS3, Javascript, ASP.NET MVC
- Business Applications: Microsoft Dynamics 365, SQL Server
- Fast Tracks for efficient preparation for Microsoft certification
- Microsoft Expert Line Practice Workshops with content beyond standard MOC training on topics such as AI, Azure, Security, PowerShell, and others

The New Intelligence @ Fast Lane  
Microsoft Expert Line: AI Cognitive Services (five-day training)

- Azure Machine Learning Workbench
- Azure Machine Learning Services
- Data Science Virtual Machines (DSVM)
- Cognitive Services

## New role-based Microsoft Azure certifications

- ▽ Explore role-based certifications that prepare you for an Azure career
- ▽ Earn a role-based certification that shows you are keeping pace with today's technical roles and requirements. Skill up, prove your expertise to employers and peers, and get the recognition and opportunities you've earned
- ▽ Learning paths guide you through the training and help prepare you for developer, administrator, and solutions architect careers and Microsoft Azure certifications

### Azure Administrator Associate Bundle

8 1gMci bh7 cXY 1 5N55%

Price - £3,500 (Usually £4,583\*)

- Manage Azure subscriptions and resources
- Implement and manage storage
- Deploy and manage virtual machines (VMs)
- Configure and manage virtual networks
- Manage identities
- Evaluate and perform server migration to Azure
- Implement and manage application services
- Implement advanced virtual networking
- Secure identities

### Azure Developer Associate Bundle

8 1gMci bh7 cXY 1 5N85%

Price - £3,500 (Usually £3,962\*)

- Develop for cloud storage
- Create Platform as a Service (PaaS) Solutions
- Secure cloud solutions
- Develop for an Azure cloud model
- Implement cloud integration solutions
- Develop Azure Cognitive Services, Bot, and IoT solutions

### Azure Solutions Architect Expert Bundle

8 1gMci bh7 cXY 1 5N59%

Price - £3,500 (Usually £4,583\*)

- Deploy and Configure Infrastructure
- Implement Workloads and Security
- Architect Cloud Technology Solutions
- Create and Deploy Apps
- Implement Authentication and Secure Data
- Develop for the Cloud
- Determine Workload Requirements
- Design for Identity and Security
- Design a Data Platform Solution
- Design a Business Continuity Strategy
- Design for Deployment, Migration, and Integration
- Design an Infrastructure Strategy

### Azure DevOps Solutions Fast Track - 7 days into 5!

8 1gMci bh7 cXY 1 5N8C%

Price - £3,500 (Usually £3,895\*)

- Implementing DevOps Development Processes
- Implementing Continuous Integration
- Implementing Continuous Delivery
- Implementing Dependency Management model
- Implementing Application Infrastructure
- Implementing Continuous Feedback
- Designing a DevOps Strategy

# Microsoft Professional Program (MPP)

Develop the skills employers are looking for today!

With the Microsoft Professional Program, you can expand your technical qualifications in a practical and oriented way to new job roles. There are several ways to achieve your goals:

- Self-paced e-learning with optional Learning as a Service (LaaS) add-ons
- Blended Learning with Instructor-led Online (ILO) Events
- Customized Training for your company combined with a small element of e-learning

- [Data Science](#)

Technologies: T-SQL, Microsoft Excel, Power BI, Python, R, Azure Machine Learning, HDInsight, Spark

- [DevOps](#)

Technologies: VSTS, Visual Studio, Azure Container Service, Application Insights, Selenium, Operations Management Suite

- [Big Data](#)

Technologies: Azure Data Lake, Hadoop, HDInsight, Spark, Azure Data Factory, Azure Stream Analytics

- [Artificial Intelligence](#)

Technologies: Python, Math, Ethics, Data Analysis, Azure Machine Learning, Computer Vision, Natural Language Processing, Speech Recognition

- [Cybersecurity](#)

Technologies: Windows Defender, Windows Information Protection, Advanced Threat Analytics, Active Directory, Azure Security Center, PowerShell, Desired State Configuration, Just Enough Administration, Kerberos, Privilege Attribute Certification

- [Entry Level Software Development](#)

Technologies: Python, HTML & CSS, JavaScript, Node.js, Java, Design Thinking

- [IT Support](#)

Technologies: Tier 1 IT support for different technologies

## Microsoft Learning-as-a-Service (LaaS)

Digital Transformation, along with the evolution of learning styles, has created a need for a more programmatic approach to learning in support of Developers, Infrastructure and Architects using Microsoft Azure and other technologies. Fast Lane has created FastLane.Live, a digital learning platform and new approach to learning, as a total Learning-as-a-Service offering for our clients. If you have a team and wish to accelerate the adoption of new technologies like Azure, Fast Lane's LaaS service can be implemented and adapted to meet your specific business goals.

More Information: [https://www.flane.co.uk/learning\\_as\\_a\\_service](https://www.flane.co.uk/learning_as_a_service)

## About Fast Lane

As the largest Global IT Learning Solutions provider, Fast Lane deliver learning solutions to support customers as they adapt to key business transformations and technology advancements that drive the way for organisations to differentiate themselves. We provide customers globally with flexible options of learning methods, for customised private, public open enrolment, virtual, and ELT formats to support and accelerate your skills needs. Our solutions deliver programs around, Big Data & Analytics, Storage Management, Cyber Security, Security, Network Management, Collaboration, Cloud Computing, IoT, Sales-Training, Wireless technologies, Enterprise-Mobility and Virtualization.
